### Description:

Join me for another exciting series of 4 classes exploring PanPastels—easily one of the most fun and versatile art mediums out there! Whether you're completely new to PanPastels or already have some experience, this class is designed to help you grow. We'll dive into a variety of techniques and subjects while discovering how this incredible medium can strengthen your overall artistic skills—no matter what your primary medium is.

You'll also learn how to combine PanPastels with other media like watercolor, traditional pastels, acrylics, and more. We'll even explore how to use them on canvas as a foundation for oil or acrylic paintings!

From sketching and drawing to full-on painting, you'll uncover the huge creative potential and benefits of PanPastels in a fun, supportive environment.
