Class Description:

Join me for a fun and informative oil painting class, perfect for all levels, including beginners!

Images may not be reproduced without written permission from artist

We will focus on solid painting techniques while learning how to work safely and completely solvent-free! As we paint together, you'll also be introduced to essential artistic fundamentals like composition, value, color mixing, and drawing accuracy. Most importantly, you'll learn how to truly see your subject like an artist.

The class includes a step-by-step demonstration of basic oil painting methods, which we'll apply as we create a painting together. The subjects may include landscapes, still life, flowers, animals, people, etc. The format is flexible: you can choose to paint along with me, with a subject I provide, or bring your own reference photos and work more independently. I'll circulate throughout the class, offering plenty of one-on-one guidance and support to everyone.

Supply List:

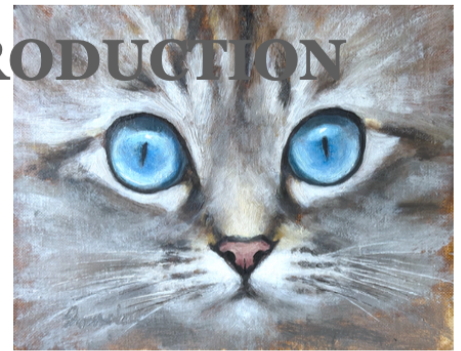

If you do not have supplies or want to try oil painting before buying your own supplies, I can provide them for an additional \$15. This will include canvas, paint, brushes, disposable palette, paper, pencil, gloves, and paper towels.

We will be using a limited palette (only 9 colors): a cool and warm version of each primary color, plus some convenience colors:

- Vermillion or cadmium red medium
- Alizarin crimson permanent
- Cadmium yellow medium
- Lemon yellow
- Pthalo blue
- Ultramarine blue
- Burnt umber and/or burnt Sienna
- Titanium white
- Ivory black
